

Renae Morriseau

Working creatively, culturally, and strategically with Indigenous and non-Indigenous people has been a lifetime pursuit. I am Cree and Saulteaux from the Treaty 1 territory and registered to Peguis First Nation.

I've produced, researched, developed, and directed stories, collaboratively with urban and rural Indigenous peoples and Canadians across this land. I have fundraised and presented stories successfully with technical artistic teams and knowledge keepers. I have collaborated with businesses, theatre companies, health organizations, public schools, film, and television companies.

Through guiding, supporting, and designing stories, I'm proud to say I am a storyteller.
